

VIREO AUDIO " SUPPORT DATA PACK

=====

tickets.csv	Support tickets, 1 Jan 2025 " 30 Jun 2026. One row per ticket as exported. Timestamps are as displayed in the helpdesk (IST).
ticket_id	Helpdesk ticket number
created_at	Ticket creation
first_response_at	First human agent reply
resolved_at	Resolution (blank if open/pending). For legacy tickets this was reconstructed from the event log.
status	resolved closed (auto-closed, no customer reply) open pending
channel	chat email voice social
customer_id	Key into customers.csv
order_id	Key into orders.csv. Blank when the customer did not quote it. customer_id + product_sku is the fallback join.
product_sku	Key into products.csv
category	Category tag set by the intake bot at creation; agents may re-tag on closure
priority	Low Normal High
assigned_team	Team the ticket was first routed to
agent_id	Agent who resolved the ticket. Key into agents.csv. Use the id, not the name.
transfers	Number of hand-offs between teams.
csat_score	"5 survey score. Blank = no response.
refund_amount_inr	Refund raised on the ticket, as exported by each system. Blank = none.
refund_reason_code	Dropdown code selected by the agent (see support-policy.pdf "5)
replacement_issued	Y/N flag set by the agent
customer_message	Customer's opening message (chat/email/social) or IVR transcript (voice)
agent_notes	Agent's closing note
source_system	helpdesk legacy_fd (migrated from Freshdesk, see support-policy.pdf "9)
agents.csv	Roster. One row per assignment (agent_id, name, site, team, shift, tier, from_date, to_date). An agent can have more than one row.
orders.csv	Orders: order_id, customer_id, sku, order_date, channel, qty, order_value_inr, lot_code (manufacturing lot printed on the box).
customers.csv	customer_id, name, city, state, signup_date, care_plus (Y/N).
products.csv	sku, product_name, family, launch_date, unit_cost_inr, retail_price_inr, warranty_months.
support-policy.pdf	Vireo's support operating policy v3.2 " SLAs, costs, refund rules, shifts, definitions.
email-thread.txt	Messages already exchanged between Vireo and us about this work.

No other documentation is available.
